## LIDW 2026 - Arbitration Institutions Congress - Middle Temple Hall London

Wednesday 3<sup>rd</sup> June 2026

McNair International was pleased to co-host the Arbitral Institutions Congress (AIC) with Clyde & Co and Osborne Clarke as part of London International Disputes Week. Nearly 20 of the world's leading arbitration institutions participated in sessions throughout the day.

Khawar Qureshi KC Head of McNair International chaired the session discussing **“Efficiency and Adaptive Services: The Role of Arbitral Institutions”** which brought together an exceptional panel of speakers from leading arbitral institutions worldwide.

The panel featured Ricardo Riesco (CIAM-CIAR), Fu Zhixing (CIETAC), Joanne Lau (HKIAC), Gökçe Üyar (PCA), Khaled Elgarhe (QICCA), Julia Simon (Swiss Arbitration Centre), and Niamh Leinwather (VIAC) who shared the most recent statistics for their institutions. The discussion and audience participation provided valuable insights on issues common to all institutions, including steps taken to address award issuance delays and the impact of AI.

It was a privilege to welcome such distinguished speakers who contributed to such an engaging and successful event.
